## **Introduction**

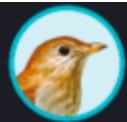

Sunny is a 19 year old who is most well known for his work on Zipzap Productions, a group which creates UTAU voicebanks. However, Sunny has a history of manipulative behavior and pedophilic actions. This document will help to provide evidence of these claims and to raise awareness of the disgusting actions taken by this person.

## Case 1: Aum95

Hello, my name is Autumn. I am better known online as Aum95. I have had about a year's worth of communication with Sunny, starting out as a troll of his (an action which I now regret.) Throughout mid-2025, Sunny attempted to groom and manipulate me. He did this by getting me to commit sexual acts such as writing software which would aid him in masturbating, attempting to pin his mental issues on me and attempted to force me to cut ties with someone who thought he was grooming me.

I attempted to get him professional help by recommending him to a therapist. Instead of accepting my help, he threatened to block me and once suicide baited to get me to stop trying to help him. It is quite clear to me that many of his mental issues are entirely fabricated, with a lot of his supposed trauma seemingly going away at random.

At some point, he suggested that Mediafan, who is a minor, should date him. Mediafan was very uncomfortable with his advances.

If chippie finds me hot then he can date me. But  
he BETTER cut down on the edgy ass slurs  
Down to nothing  
\*Only valid if he wants an enemies-to-lovers  
relationship

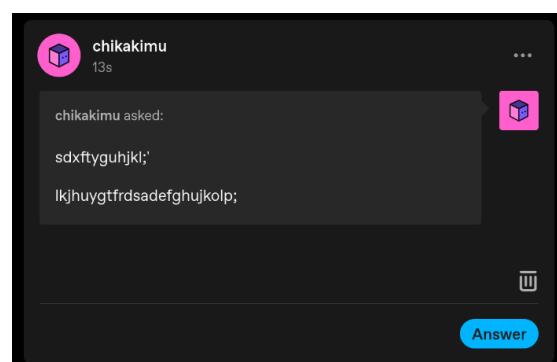

He also talked about sexual actions to me in direct messages (shown below)

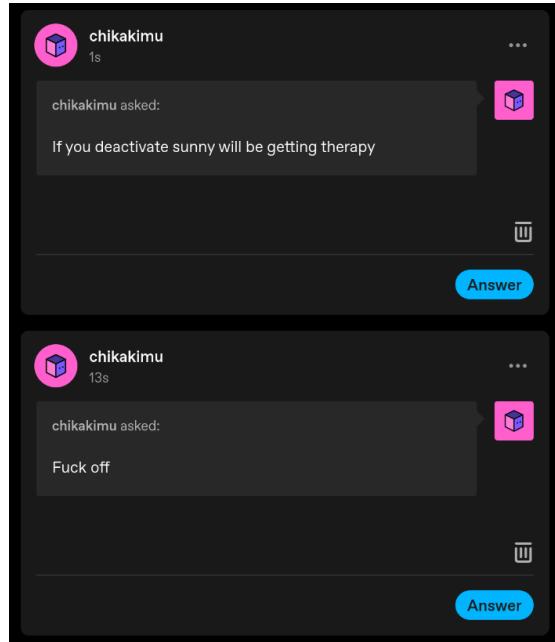

Also in my DM's, Sunny threatened to write a romantic fanfiction involving 2 adults and a minor.

After I originally started exposing Sunny, he created an alt account on Tumblr and began harassing me on it.

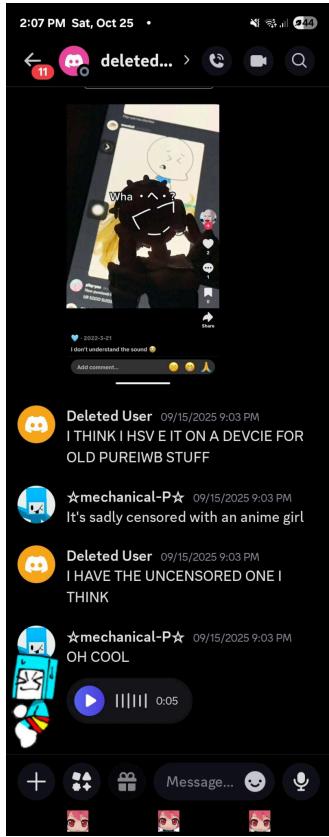

Later on, he contacted my girlfriend and attempted to force her to break up with me using false claims.

I usually dont keep chat open 247 sorry for the late

But i used to refuse to talk abt sex until the day i met  
her, shed say some disgusting shit to me that that  
kinda counts as grooming  
i used to keep the sexual stuff a full on secret, but  
she was literally unfiltered abt what she'd say  
and i became a full on depressed, living-in-fear-and-  
worry gooner. i hate it  
i wish i was penpals w her, i would IMMEDIATELY send  
the bitch some haribo brand sugarfree gummy bears

## Case 2: Mechanical-P

Here, the deleted user is in fact Sunny. The censored image contains scat fetish art. Sunny tries to find the uncensored version to send to someone who he knows to be a minor.

### **Bandofgold87**

Hi, I'm bandofgold87, I am a user online who does tech, homelab and media preservation videos on YouTube, I am named by Sunny as "*Chipping Sparrow*" as according to him, I am "ginger" even though I was born blonde, I've always been called ginger and I'm pretty much used to it.

Moreover, I met Sunny in late 2024 when me, Scar and Autumn trolled him, then in early 2025, he manipulated all my friends (inc. girlfriends, my best friend from the states, Discord Geographic, now known online as "JoeyTheKangarooTech", his brother Ashton and other internet users I've known since 2021 and 2022 respectively) to snake me and give out the most serious allegations against me, including leaking personal information about me, which I thought I could trust them with. As well as making an entire fucking Google Chat group chat with the whole purpose of harassing me. It isn't their fault however, it was Sunny making them his puppets. As well as lying about the info. Just, disgusting. He also made a Google document basically leaking that personal information, kink shaming me and telling me to kill myself, as well as bringing up shit from my past which I have not done in YEARS.

Sunny, I know damn fucking right that I fucked up your life by trolling you, which I 100% regret doing, but keeping the drama going and telling me to kill myself and putting my family in danger does NOT help in the slightest, it actually makes you look even worse.

THEN, in September 2025, nearly an entire year after the trolling started, he blocked me on Discord after I apologised several times, as well as that, he groomed me (Yes, I'm being fucking serious) by begging me for pictures of my stomach (keep in mind, at the time I was only 17 years old, Sunny is 19) and there was nothing I could do about because he'd coerce me and my friends again to hate me n shit. He also made my friends hate me AGAIN and brought up even more shit, starting with a VERY personal incident that happened in 2022. It got so bad to the point my own best friend deleted the Urban Cookie Collective discord server, which I worked my blood, sweat and tears on to make it just right. AND my parents were considering contacting the authorities on my own friends. I had to escape and block them on Discord and stick to my best friend from college's circle for a bit, until I could trust them again.

After a while, they liked me a bit again, but I do still feel they hate me for ALL of the past shit I had to put upon them. And if they're reading this, I'm so fucking sorry for the dumbass comments I made and sending the fucking transphobic meme, I just couldn't be arsed to deal with this whole bullshit anymore. It wasn't ragebait, it was just me being a fucking asshole as per usual. I didn't know you were being coerced, you could've told me and to be quite honest, I could already see that prior to actually finding out he ACTUALLY did it.

Because of the whole beef I had triggers in real life about it and needed to be put on anger management medication. However, I have improved and became MUCH calmer because of this.

Sunny also begged me for \$200, which is about 175 euros, as of me writing this I plan to move to The Netherlands or my home country (Belgium) to seek asylum and have better privacy online, as well as connecting with family I haven't seen in YEARS. I do not have the money to give him therapy, and even if I did give him the money, he'd be scamming me because Autumn gave him really good advice and therapy, which he unfortunately refused.

May I add due to him grooming me I cried myself to sleep at 3am and I feel like the whole world hates me and shit. Like I'm the punching bag, I'm fucking done.

Sunny, I am not a pedophile, zoophile, bully or.. Bird. I am a human being like you, nobody is perfect, please for the love of fucking god, please seek help if you can and stop trying to ruin mine, Luna's, Berry's, SB's or Autumn's life. Just stop, I tried to be nice to you even after the whole shit, but even you didn't listen.

To everyone else, I'm sorry., Please do not drag me into Sunny's shit anymore and please don't harass him, it'll just make it worse.
